Dated: 07.11.2013

To,

Chief General Managers
All Telecom Circles/ Metro Districts.

Subject: Distance of Extension of EPABX, logical partitioning, revision of tariffs, increase in Commission and Capping in r/o of BB connections provided through DID Franchisees.

1. Certain issues have been raised by the Field Units/ DID franchisees about distance of extension from EPABX location, logical partitioning, revision of tariffs of landline connections, revision of commission and capping of BB connections through DID Franchisees.
2. The matter has been deliberated by the Management Committee and following have been decided to be implemented with immediate effect.
 - 2.1 It is permitted to provide extension by DID franchisee upto 2 Kms instead of present 500 meters limit, only in non-feasible pockets.
 - 2.2 In case any demand coming from feasible areas then the same may be forwarded to Corporate Office alongwith full techno-commercial justification for allowing such DIDs.
 - 2.3 Logical partitioning permitted to DID franchisee in suppression of order no. 115-5/2006-Comml dated 28-01-2010 (copy enclosed as annexure-I for ready reference). However, the DID franchisee will undertake complete logical separation of activities between that of BSNL's PRI and other company/operator's PRI. No voice traffic will flow from the PRI of BSNL to PRI of other operator/company. The undertaking will be on stamp paper as per sample enclosed as Annexure-II.
 - 2.4 DID franchisee can opt for any one of the following tariff plan or continue with existing plan:

	Plan A	Plan B	Plan C
Plan Feature	BASIC	On Net Free within LSA	On Net Free All India
Fixed Charges			
Plan Charges per PRI per Month	0	15000	25000
Fractional PRI Plan Charges	0	10000	15000
