NO.4-1/2011-BP-CM

Dated: 6th January, 2014

To

The Chief General Managers
All Telecom Circles/District

Subject: Extension of 100 days programme by 50 days i.e. upto 28.2.14.

Having reviewed the achievement of circles through video conferencing held on 31.12.13 and 1.1.14, it is observed that there has been significant progress but many circles have not yet been able to achieve the targets set for 100 days programme. The top performers/non-performers are already noted and will be communicated separately.

However, it is to convey that 100 days programme is hereby extended upto 28.2.14. You are requested to kindly continue with efforts and also personally monitor the progress on daily basis so that net connections (VLR) and revenue targets set for your circles are achieved.
